

# **Esri UK Annual Conference 2024**

## **Exhibitor Information Pack**

14 May 2024  
QEII Centre, London

# Introduction

GIS professionals and business leaders from around the UK are invited to attend the UK's largest GIS event, the Esri UK Annual Conference. Comprising both a customer-led conference and exhibition zones, this is an unmissable opportunity for prospective, new and established GIS users to find out more about the latest GIS technologies and gain inspiration for their next projects.

This year, the conference will focus on how our customers are using GIS to create a better world, from their use of GIS to visualise the world we want to see to their development of innovative solutions for collaboration and sophisticated spatial data analysis. Guest speakers from a wide range of industries will share their experiences of using Esri's ArcGIS system, while Esri UK's technical specialists will be on hand to provide practical advice and know-how.

Take advantage of this fantastic opportunity to engage with thousands of GIS professionals and inspire them with your latest technologies and services.

Exhibitor opportunities are open only to members of the Esri Partner Network and Data Partner Programme
