

AC 2018

Annual Conference

Exhibitor Information Pack

22nd May, 2018
Queen Elizabeth II Centre, London

Introduction

The UK's premier GIS event will bring together around 2,500 GIS enthusiasts from across the public and private sector to explore innovative strategies and solutions that use ArcGIS to create transformational change.

With a fantastic line up of speakers including Brandon Jarratt, Technical Director at Walt Disney Animation Studios and Hannah Fry, a lecturer on the Mathematics of Cities, the Esri UK Annual Conference (AC) is guaranteed to leave attendees eager to put their newly learnt geospatial techniques and ideas into practice.

New for 2018 – A dedicated exhibitor meeting area, providing space to conduct business meetings near your stand.

Take advantage of this fantastic opportunity to engage with thousands of GIS professionals and inspire them with your latest technologies and services.

Exhibitor opportunities are open only to members of the Esri Partner Network and Data Partner Programme.
